## Additional Backup Information

The Blunn Creek – Long Bow Storm Drainage Improvements Project will mitigate flooding for approximately 24 properties in the Sherwood Oaks Neighborhood, bounded by the Blunn Creek to the East, St. Edwards University to the South, South Congress Avenue to the West and Oltorf to the North. The project is a high priority as identified in the Watershed Protection Department's master plan and is now substantially completed.

The work included in this proposed change order will address utility conflicts and add an inlet at the intersection of Carnarvon Lane and Long Bow lane. The project is nearing completion and this additional work is estimated to last approximately 45 days.

This project is located within zip code 78704 and is managed by the Public Works Department.
